Agricultural Water Management

Contents of *Agricultural Water Management*, Volume 85

VOLUME 85 ISSUES 1–2 **16 SEPTEMBER 2006**

Causes of farmland salinization and remedial measures in the Aral Sea basin—Research on water management to prevent secondary salinization in rice-based cropping system in arid land
Y. Kitamura (Tottori, Japan and Saitama, Japan), T. Yano, T. Honna (Tottori, Japan), S. Yamamoto and K. Inosako (Tottori, Japan and Saitama, Japan) 1
Testing evapotranspiration equations using lysimeter observations in a semiarid climate
R. López-Urrea, F. Martín de Santa Olalla, C. Fabeiro and A. Moratalla (Albacete, Spain) 15
Salinity impact assessment on crop yield for Wadi Laba spate irrigation system in Eritrea
A. Mehari, B. Schultz and H. Depeweg (Zuid Holland, The Netherlands) 27
Simulating the fate of molinate in rice paddies using the RICEWQ model
E.W. Christen (Griffith, Australia), S.-O. Chung (Daegu, South Korea) and W. Quayle (Griffith, Australia) ... 38
Nutrient losses from artificially drained catchments in North-Eastern Germany at different scales
B. Tiemeyer, P. Kahle and B. Lennartz (Rostock, Germany) 47
Determination of plant-pan coefficients for field-grown eggplant (*Solanum melongena* L.) using class A pan evaporation values
A. Ertek (Isparta, Turkey), S. Şensoy, C. Küçükyumuk and İ. Gedik (Van, Turkey) 58
Use of the SHAW model to assess soil water recovery after apple trees in the gully region of the Loess Plateau, China
M. Huang (Yangling, China) and J. Gallichand (Université Laval, Canada) 67
Simulating the effects of extreme dry and wet years on the water use of flooding-irrigated maize in a Mediterranean landplane
A. Utset (Valladolid, Spain), A. Martínez-Cob (Zaragoza, Spain), I. Farré (South Perth, Australia) and J. Cavero (Zaragoza, Spain) 77
Simulating leaching of potassium in a sandy soil using simple and complex models
Z. Kolahchi and M. Jalali (Hamadan, Iran) 85
Nitrogen and water use efficiency of fertigated processing potato
T.M. Darwish (Beirut, Lebanon), T.W. Atallah (Lebanon), S. Hajhasan and A. Haidar (Tel-Amara, Lebanon) ... 95
Effect of supplemental irrigation on leaf stomatal conductance of field-grown wheat in northern Syria
T. Sato (Aleppo, Syria), O.S. Abdalla (Mexico D.F., Mexico), T.Y. Oweis (Aleppo, Syria) and T. Sakuratani (Kyoto, Japan) 105
Optimum lateral spacing for drip-irrigated corn in the Mediterranean Region of Turkey
Y. Bozkurt, A. Yazar, B. Gençel (Adana, Turkey) and M.S. Sezen (Tarsus-Mersin, Turkey) 113
Impact of the shift from groundwater to surface water irrigation on aquifer dynamics and hydrochemistry in a semi-arid region in the south of Portugal
T.Y. Stigter, A.M.M. Carvalho Dill (Faro, Portugal), L. Ribeiro (Lisbon, Portugal) and E. Reis (Faro, Portugal) ... 121
Olive oil production as influenced by different quantities of applied water
S.R. Grattan, M.J. Berenguer (Davis, CA, USA), J.H. Connell (Oroville, CA, USA), V.S. Polito (Davis, CA, USA) and P.M. Vossen (Santa Rosa, CA, USA) 133
Crop water productivity of an irrigated maize crop in Mkoji sub-catchment of the Great Ruaha River Basin, Tanzania
H.E. Igbadun, H.F. Mahoo, A.K.P.R. Tarimo and B.A. Salim (Morogoro, Tanzania) 141
Effect of alternating irrigation with sodic and non-sodic waters on soil properties and sunflower yield
O.P. Choudhary, B.S. Ghuman, A.S. Josan and M.S. Bajwa (Ludhiana, India) 151
Development of the revised USDA–NRCS intake families for surface irrigation
W.R. Walker (Logan, UT, USA), C. Prestwich (Portland, OR, USA) and T. Spofford (Washington, DC, USA) ... 157
Development of a physically based 1D-infiltration model for irrigated soils
M. Damodhara Rao, N.S. Raghuwanshi and R. Singh (Kharagpur, India) 165
The agricultural impacts of irrigation induced waterlogging and soil salinity in the Arkansas Basin
E. Houk (Turlock, CA, USA), M. Frasier and E. Schuck (Fort Collins, CO, USA) 175

doi:10.1016/S0378-3774(06)00249-6

Classification and salt tolerance analysis of barley varieties
N. Katerji (Thivernal-Grignon, France), J.W. van Hoorn (The Netherlands), A. Hamdy (Valenzano (Bari), Italy), M. Mastrorilli (Bari, Italy), C. Fares (Foggia, Italy), S. Ceccarelli, S. Grando and T. Oweis (Aleppo, Syria) 184
Comparison of precise water depth measurements on agricultural storages with open water evaporation estimates
I.P. Craig (Toowoomba, Australia) 193
Nitrate accumulation and movement under deficit irrigation in soil receiving cattle manure and commercial fertilizer
D.D. Tarkalson, J.O. Payero (North Platte, NE, USA), S.M. Ensley (Ames, IA, USA) and C.A. Shapiro (Concord, NE, USA) 201
Effects of irrigation on water balance, yield and WUE of winter wheat in the North China Plain
H.-Y. Sun, C.-M. Liu (Shijiazhuang, China and Beijing, China), X.-Y. Zhang, Y.-J. Shen and Y.-Q. Zhang (Shijiaz, China) 211

VOLUME 85 ISSUE 3 **16 OCTOBER 2006**

Calibration and validation of DRAINMOD to design subsurface drainage systems for Iowa's tile landscapes
R. Singh, M.J. Helmers and Z. Qi (Ames, IA, USA) 221
Improvement of saline water use under drip irrigation system
H. Dehghanisanij (Karaj, Iran), M. Agassi, H. Anyoji, T. Yamamoto, M. Inoue and A.E. Eneji (Tottori, Japan) 233
The effect of spray head sprinklers with different deflector plates on irrigation uniformity, runoff and sediment yield in a Mediterranean soil
L.L. Silva (Évora, Portugal) 243
Methods of planting and irrigation at various levels of nitrogen affect the seed yield and water use efficiency in transplanted oilseed rape (*Brassica napus* L.)
G.S. Buttar, H.S. Thind and M.S. Aujla (Bathinda, India) 253
Water and salt balance studies, using SaltMod, to improve subsurface drainage design in the Konya–Çumra Plain, Turkey
İ. Bahçeci (Sanlıurfa, Turkey), N. Dinç, A.F. Tarı (Konya, Turkey), A.İ. Ağar and B. Sönmez (Ankara, Turkey) ... 261
The auto-regulative capability of pitcher irrigation system
M.M. Abu-Zreig (Irbid, Jordan), Y. Abe and H. Isoda (Ibaraki, Japan) 272
Assessment of irrigation and nutrient effects on growth, yield and water use efficiency of Indian mustard (*Brassica juncea*) in central India
K.G. Mandal, K.M. Hati, A.K. Misra and K.K. Bandyopadhyay (Bhopal, India) 279
Water use and lint yield response of drip irrigated cotton to the length of irrigation season
F. Karam, R. Lahoud, R. Masaad (Zahlé, Lebanon), A. Daccache (Beirut, Lebanon), O. Mounzer (Murcia, Spain) and Y. Rouphael (Viterbo, Italy) 287
Estimating variable acreage of cultivated paddy fields from preceding precipitation in a tropical watershed utilizing Landsat TM/ETM
N. Yoshikawa and S. Shiozawa (Tokyo, Japan) 296
Peach orchard evapotranspiration in a sandy soil: Comparison between eddy covariance measurements and estimates by the FAO 56 approach
T.A. Paço, M.I. Ferreira and N. Conceição (Lisboa, Portugal) 305
Application of a simulation based optimization model for winter wheat irrigation scheduling in North China
S. Shang (Beijing, China) and X. Mao (Edinburgh, UK) 314
